Ace the USMLE Step 2 CK with these unique flashcards in a book ! Students who just took the USMLE Step 2 CK reveal what it takes to excel! I highly recommend this book for Step 2 review. This is useful because it has a consistent, straightforward question and answer format. The answers are short and to the point, which makes it easy for self-tests. The make a diagnosis sections are very helpful)and reflective) of shelf exam questions. I will be sure to let my classmates know this is a great resource! -- Jessica Bury, Mayo Clinic College of Medicine, Class of 2010 Deja Review is jam-packed with key concepts and important details. I like the QA format, and that you can cover up the answers. It forces you to interact with the material and actively recall information rather than just reading the information.
