In this regard. it is better than a the Hanfu Li's Wizard few. Clarity. read pleasant. contains many sharp insight . big adventure like a trip to knowledge . On the achievements of the very few contemporary works can be as good as the book half explore consciousness. The executive summary see red are compiled based on the author's lecture at Harvard University. Everyone seems to know what consciousness is. but no one can give the exact interpretation of the sense of one pair. This is of our thinking. in his lecture. he used to show red monochrome screen to the audience. The viewer to experience the red screen of what mental process? The authors feel the experience of such initial stimulus as a subjective feeling. this feeling through internal feedback arc screen is red objective perception. Accordingly. this cognitive process may be the origin of self-consciousness. The author is not a theory to comment. but alluding to one of the series of academic debates about his evolution from microbes to human sensory perception mechanism. excited readers consciousness research curiosity. Of see red this seemingly simple sensory phenomena start to explain...
