And the climax, and ultimate resolution to the quandary of America s fate is coming to a head. If Americans don t wake up shortly, a nightmare of epic proportions will swallow us whole, for better or for worse. Professor Harlan Watt has devised a way for us to reboot the American Dream. But as Professor Watt soon finds out: It s not a piece of cake trying to alter history s inevitable course. The one percent, can t allow its subjects to thwart their destiny. Power and greed will be the straw that broke the camel s back, crushing everything America has stood for the last three-hundred plus years. Will true democracy prevail, or must we become survivalists, whose dreams of a better life have vanished from view? Thailand is the major setting of this novel, with cameo settings in both North America and Malaysia. A novel you won t soon forget.
